# ABOUT US

Sovereign Corporation is a Leading business engaged in manufacturing the finest industrial storage systems in India. As we began our journey in 2011, our prime focus was on designing, manufacturing and installation of Industrial racking systems. Once we have established a stronghold in this market, we moved on to add many other products to our portfolio. Today we are one of the leading racking systems manufacturers in India with thousands of installations.

Our extensive product line includes Slotted Angle Rack, Pallet Racking System, Mezzanine Floor, Heavy Duty Storage Rack, Roll Rack Storage, Medium Duty Storage and Partition Rack. We also have excelled in offering office storage solutions which include Heavy-Duty Industrial Cupboard, Vertical Filing Cabinet and Industrial Lockers. Each of these is designed using the best quality raw materials, latest design technology adhering to international safety norms.

Sovaracks is proud of the highly skilled and experienced workforce who is the backbone of our success. Their regular training and passion to excel keeps us ahead of the competition. It is our constant endeavor to better ourselves and explore new markets as we move on. It is our vision to offer finest quality Storage Racking Systems not only to our clients in Gujarat but to expand beyond boundaries and get established as a Indian brand.

# WHAT WE DO

## WE DESIGN

**Sovereign Corporation** has a wealth of knowledge gathered over delivering full range of services - design, manufacture and installation of a racking system and other Industrial Storage Solutions.

## WE SUPPORT

Speak to a member of our team today to discuss your potential project. We'll work with you to find the most effective solution for your storage needs.

## WE INSTALL

Our storage systems are installed by experts. A 'budget' solution may fail sooner than expected. A well-built but incorrectly installed product could also fail unexpectedly.

Our design, manufacture and installation services ensure you get the best of everything.

## WE MANUFACTURE

"we produce our whole product range with "In-House manufacture" style. No dependability with any other organisation.

## *Heavy Duty Rack*

### **Heavy Duty Storage Racks**

Various industries have diverse storage needs and we at Sovaracks are determined to offer the best Industrial racking system to our clients. With our extensive experience and knowledge of the industry, we have become a noted Heavy Duty Storage Rack Manufacturer.

For our customers engaged in manufacturing heavy or bulky goods, we specifically design Heavy Duty Storage Racks. Durable, robust and top quality Storage racks come in a wide variety of sizes and dimensions to suit the specific needs of our clients. Where regular shelves fail to bear the load of bulky goods, our heavy duty racks offer smart storage at a very economical price. The design, dimension and width of the racks are determined based on the kind of goods you would be storing. Thus our Heavy Duty Storage Racks will be most satisfactory and budget friendly. We ensure easy access, loading and unloading of goods even in narrow spaces, allowing smooth movement of goods.

You can approach Sovaracks for all your material storage requirements and our engineers will offer the most durable, economical and top quality solution.

## *Slotted Angle Rack*

### **Slotted Angle Rack**

The best of technology and quality is offered with the wide range of storage products offered by Sovaracks. We are the leading Slotted Angle Rack Manufacturers in the market, simplifying industrial storage solutions.

Our advanced manufacturing unit is equipped with the latest machinery to design, build and test a wide variety of Storage Racking Systems. To meet the storage needs of diverse industries, we also offer customisation of size and design in our Slotted Angle Racks. Robust design and fine quality raw materials ensures strength and longevity of the racks. We use CR and HR steel which enables us to design the sturdiest and most compact racks for industrial storage purposes. Our clients can store a wide variety of goods and materials on these durable racks as they come with a stable base and adjustable features.

Sovaracks is a trusted name in the Industrial storage system market owing to the quality we offer at competitive pricing. The corrosion resistant shelves come with a fine finish to give an upgraded look to your entire storage facility.

# SOVEREIGN CORPORATION

## *Pallet Racking System*

### **Pallet Racking System**

Sovaracks specialises in offering high quality Pallet Racking System to be used in diverse industries. ## *Partition Rack*

### **Partition Racks**

Sovaracks is a brand known for quality, durability and economical pricing in the field of Storage Racking Systems. Among our wide range of storage options, Partition Rack is in great demand not only for industrial use but for shops and commercial spaces as well.

The Partition Racks are an example of our niche storage solutions that meet specific client needs. While they are specifically meant for storage, these racks can double up as organisers helping the users to save space and store more systematically. They are widely used in boutiques, shops, retail stores, and distribution centers and so on. Sturdy construction of these Storage racks ensures long life with least amount of maintenance. Due to its compact design, easy access and organised structure, these racks are immensely popular.

At Sovaracks we offer customisation of the Partition Racks in size and dimensions based on the specific needs and expectations of our clients. At Sovaracks, we are known for creating top quality products that can truly solve our customers' storage problems.

## *Mezzanine Floor*

### **Mezzanine Floor**

Sovaracks is among the most acclaimed Mezzanine Floor manufacturers in India. We are actively engaged in manufacturing and supplying high grade heavy duty mezzanine floor structure to a wide range of clients. We offer durability and customisation to meet all your storage needs.

The mezzanine floor structures are specifically designed to offer additional storage space by creating additional floor. These sturdy and multi functional structures can be installed in all kinds of warehouse or industrial unit. Mezzanine Floor is a cost effective and simple solution to vertically enhance the storage capacity of a building. Thus it can free up more working space without compromising on the quality of storage. We use the highest quality sheet and offer robust structures that can withstand heavy load. These economical flooring solutions can be easily erected without disturbing the existing setting.

Our seasoned engineers extent complete support in designing, testing and installing custom Mezzanine Floor to meet your industry's specific requirements. Thus we are the most preferred Mezzanine floor manufacturers for all our trusted clients.

## *Roll Rack*

### **Roll Rack**

Sovaracks are the pioneers in manufacturing and supplying an extensive range of Industrial storage system to clients from diverse industries. We are pioneers in designing customised Roll Storage Rack to safely store fabric rolls of all kinds. At Sovaracks we have a team of highly skilled and experienced engineers who understand industry needs thoroughly. To store fabric rolls, our customers demand sturdy and durable racks that can withstand the load. Roll Rack Storage enables the clients to store rolls at various heights systematically and access them easily. The compact design and stable base allows our clients to easily accommodate more the racks and arrange depending on their specific needs. We use high grade steel and components to adhere to industrial safety norms. Rust resistant and corrosion free, our Roll Storage Rack will serve you for years together.

Owing to the unmatched quality and competitive pricing we offer, Sovaracks has become one of the most preferred Storage Rack Manufacturers today. Make us your first choice for cutting edge storage solutions.

## *Vertical Filing Cabinet*

### **Vertical Filing Cabinet**

Sovaracks brings you top grade Vertical Filing Cabinet for a well organised office. Suitable for any kind of office, these cabinets are sleek and extremely useful to organise various kinds of files systematically. As the top Vertical filing cabinet manufacturers we take great pride in the quality and durability that we offer.

Keeping in mind the specific needs of an office, we offer various design options for these filing cabinets. With years of experience we have become a top notch choice in providing robust and aesthetically designed cabinets to suit different kinds of office spaces. The vertical designs save storage space for the user without compromising on the ease of access to files. Made out of top grade material and fine finish these cabinets add an aesthetic touch to your office space. Top grade, highly tested locking system keeps all your files stored safely.

As the leading we Vertical filing cabinet manufacturers we offer you cabinet designs with 2, 3 and 4 drawers. If required, we can customize the dimensions to fit into narrow spaces. With Sovaracks, storing your files and folders becomes a lot easier.

## *Industrial Cupboards*

### **Heavy-Duty Industrial Cupboard**

Cupboards are multipurpose furniture in an office offering additional storage place for a wide variety of things. Sovaracks is engaged in designing and delivering a wide range of Heavy-Duty Industrial Cupboards based on specific industry and office needs.

Our office furniture range is not only used in industrial setups but also widely used in schools, corporate offices, commercial setups, home offices and so on. These robust cupboards can be used to store anything from heavy tools to electrical devices, hazardous materials, flammable materials and even cloth and office stationery. The spacious yet compact design of our Heavy-Duty Industrial Cupboards makes them the top choice for our clients. The design is robust meant to serve its purpose for many years to come. It is rust and corrosion resistant ensuring the well being of the items stored in them.

As industry leaders we are not only engaged in making user friendly cupboards but also the safest ones. Reinforced steel doors and strong locks provide maximum protection. The interior design of the cupboards can be redesigned based on customer specifications. Thus we are the preferred suppliers of all kinds of Industrial storage system.
